EXTERNAL SENDER

I am so sorry to hear this news. This is heart breaking. We wish Mr. Morrow a prompt recovery. He has been extremely responsive and professional and instrumental to progress in this matter.

EPA grants the 60-day request in relation to Paragraph 40 of the AOC. Please keep us informed.

Take care,

Subject: RE: Final signed AOC for the City of Lompoc

Hello Marcela -- I am saddened to say I've just learned our Utility Director, George Morrow, contracted COVID-19 and is in the ICU after his condition worsened severely over this past weekend. After a resulting additional medical incident, he is unable to speak at this time. We do not expect he will return to Lompoc any time soon.

George was the main, and perhaps the only, staffperson working on completing Paragraph 40 of the AOC, which is due December 2. I know he was planning to complete his draft over this past weekend, but I assume that did not occur. Unfortunately, we believe his work is on his personal laptop, making it inaccessible to us at this time. We will need to wait to access his work, or re-do the work.

The City hereby requests a 60-day extension for completion of Paragraph 40 of the AOC.

We should still be able to complete Paragraph 36, which has the same December 2 deadline. We are not requesting an extension for Paragraph 36 at this time.

Thank you. Please let me know if you would like to speak about this.
